## EUROPEAN CRANE OPERATOR LICENSE

# ECOL

[WWW.EUCL.DK](http://WWW.EUCL.DK)

SIMULATOR TRAINING / EXERCISES, A PART OF OBTAINING THE ECOL CERTIFICATE

## EUROPEAN CRANE OPERATOR LICENSE - ECOL

In Europe, progress towards a single agreed license for crane operators, ECOL.

EUCL, Fredericia, Denmark, is the only crane operator training center, which has been approved by the ECOL organization to run the ECOL certification.

- Do you have the skills necessary for operating mobile cranes across Europe?
- Do you speak English?
- Do you have previous experience with mobile cranes; crawler cranes or mobile tower cranes?
- Do you qualify for a European Work Visa?

If so, the ECOL certification for crane operators might be interesting to you.

### EUC Lillebælt offers:

- Admission to the EUC Lillebælt ECOL Training Centre.
- 1 - 6 weeks of full ECOL theoretical and practical crane operator training, depending on previous experience.
- Issue of an ECOL crane operator certificate following successful completion of a theoretical and practical test.
- Membership of the ECOL association for successful candidates.
- Boarding facilities in our school dormitory for foreign candidates

### Admission requirements:

- Minimum 18 years of age
- Valid commercial driver's license
- Valid national crane operator certificate for mobile crane operation
- Log of a minimum of 3 years of crane operating work from your employer
- Valid European Work Visa

### Admission levels:

Based on previous experience we offer the following programs:

- |                          |                          |
|--------------------------|--------------------------|
| • Novice                 | 6 weeks of full training |
| • 4+ years of experience | 4 weeks of full training |
| • 8+ years of experience | 1 week of full training  |

### For Companies:

We offer in house training programs for individuals or groups of candidates. We also offer on-site training programs for companies with larger numbers of crane operators.

**THE ECOL LICENSING SCHEME MEETS OR EXCEEDS ALL MOST COMMONLY KNOWN TRAINING AND EDUCATIONAL STANDARDS FOR CRANE OPERATORS, AS ISSUED BY FX, IOPG, LEEA and LOLER**
